The advertisement features a central graphic with a dark background. At the top, the brand name "Burns'" is written in a stylized font. Below it, "5-POINT HAM" is prominently displayed in large, bold letters. To the left of the main text is a circular badge that reads "BETTER IN 5 WAYS". To the right is a ham with a label that says "Burns' 5-POINT SMOKED HAM" and lists the qualities "MILD", "JUICY", and "TENDER". Below the ham is a plate of food, including a ham slice, an egg, and vegetables. To the right of the plate is a list of five qualities, each preceded by a circled number. At the bottom, a banner reads "IT'S REALLY TENDER! BAKED - BOILED or FRIED".

Introductory

The present volume constitutes the 1939 edition of Henderson's Directory of Calgary.* The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the Municipality. It is a modern Directory in all its parts and includes all the essential features which have proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 37 to 68 and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE IS embraced in pages 69 to 268; in this feature the names of all streets and avenues are arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 269 to 764.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 765 to 812, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING CALGARY

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Calgary, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

Calgary

NAMING OF CALGARY

Calgary is named after the old home of Colonel Macleod in the Isle of Mull, Scotland, and was so named in the year 1876 when he was in charge of the North West Mounted Police, first established at the confluence of the Bow and Elbow Rivers. The word "Calgary" is of Gaelic origin and means "Clear Running Water."

LOCALITY AND ADVANTAGES

The city of Calgary is the business centre of the Province of Alberta, and the largest and most important city between Winnipeg and Vancouver. Its location on the C. P. R. main line and C. N. R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partially developed, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townsites of the North West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on Section 14, is the town of Calgary, which will soon become one of the most important places in the Northwest. Its geographical position, picturesque site, proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. C. E. La Rue, 1883."

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 85 miles from Banff, the playground of Canada."

TO TOURIST AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser one of the finest hostels on the continent, there are many other first class hotels, with rates to suit all purses. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in drama, vaudeville and pictures.

A drive about the city will be found of interest, and the residential districts on both the north and south hills should be included, as from them a magnificent view on a clear day can be obtained of the Rockies. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are especially worthy of a visit.

For the sportsman there is, in season, shooting for duck, chicken, and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Canadian National Park and an extremely interesting and picturesque motor drive of about three hours will take one to Banff (87 miles distant). Lake Louise and the Rockies are also available by motor car. The Banff-Windermere Road is now completed and links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary.

The Calgary Motor Tourist Camp, operated by the Young Men's Section of the Calgary Board of Trade, provides camping facilities such as water, light, fuel, lavatories and fireplaces. A caretaker, sworn also as a constable, is on duty at the camp entrance for the purpose of safeguarding tourists' property which they may temporarily leave at this camping place. It is located at Stanley Park, on the Manchester Trail, in the southern section of the city, and is modernly equipped with showers, gas, cabins, electric light and a convention hall.

Sunshine Auto Camp—Gives every facility to the camping tourist. Cabins fully equipped—beds, tables, natural gas stoves, electric light.

Tenting space, natural gas for cooking, flush toilets, 12 free shower baths, laundry. Car washing free, and free swimming pool.

Camp store supplies at city price. Gas and oil station.

Room for a thousand cars per night. Price: 50c for camping, cabin and garage

Privately owned.

The Alberta Motor Association. For touring information or other assistance, visiting motorists are requested to call at the Club headquarters, 813 1st St. E. Secretary, J. W. Bawden, Phone M7757.

The Calgary Board of Trade maintains offices in the Renfrew Bldg., 118 7th Avenue W., and the staff are always pleased to answer questions in regard to the City or Country, and its many opportunities.

Golf and Country Clubs offer special facilities to those interested in outdoor sports.

The Municipal Golf Club is located in Shaganappi Park, and can be reached by the Killarney Electric Car Line or by motoring along the South Banff road. It is about four miles from the centre of the City. Visitors are permitted use of the links by applying to the caretaker; fees: 35 cents per game.

MUNICIPAL AIRPORT

The City of Calgary maintains and operates a modern airport situated just outside the City Limits to the north within five miles of the centre of the City, situated on the main highway to Edmonton.

The field consists of approximately 640 acres. There are two runways developed, south-east to north-west and north-east to south-west. The runways are 500' wide and 4,000' long with a hard surfaced strip of 150' in the middle of each runway. The taxi strips are also hard surfaced. The port is fully equipped for night flying with boundary, approach, obstruction and ceiling lights, revolving beacon and an illuminated wind sock. All of this equipment is remote controlled from one or more points.

The Dominion Government maintains a weather bureau at the Airport and weather information is available at all times. Trans-Canada Air Lines maintains an office with ground radio equipment and carry Government mail, and it is expected they will shortly start the carrying of passengers. Calgary is on the main Trans-Canada Air Route and beam facilities are available. A restaurant where meals and refreshments may be secured is maintained on the Airport.

Unless on scheduled routes, all aircraft at the Airport must register at the office of the Aerodrome Superintendent. All commercial and other aircraft in transit and not operating from this aerodrome must be registered immediately upon arrival and be checked out on departure. Landing fees must be paid at the time of registration. All fees for planes in transit must be paid in cash.

No landing fees shall be collected for aircraft in the service of the Department of National Defence or from visiting aircraft of the United States Army, Navy, Marine or Department of Commerce.

The sale of gasoline is restricted to the City of Calgary.

Schedule of Fees on application.

Regal Golf Club. A 6,135 yard golf course, situated in the N.E. section of the city. A hilly course, rich in turf, with a creek running through it, which adds to the "sportiness" of the course. There is also a ladies' course (nine holes). Three street cars will take you within three minutes of the Club house—two Crescent Heights, and one Tuxedo Park. Membership fee: Gentlemen, \$15.00 per year; ladies, \$7.50 per year.

OIL AND GAS FIELD

Turner Valley gas and oil fields, 45 miles southwest of Calgary, is the largest oil field in Canada. In February it produced 138,804 barrels of oil and naphtha. Last summer a crude pool on the southwest was discovered where new wells are increasing the output of the field from month to month. Two classes of oil are produced—naphtha and crude. Naphtha is extracted from wet gas, a portion of the gas after treatment being piped to Calgary for domestic uses. Good roads lead from Calgary to the field thus affording a fine auto trip.

OIL REFINERY

The Imperial Oil Limited has erected, at a cost of \$4,000,000, a very large modern oil refinery in Calgary, situated in the Ogden district. This plant is worthy of a visit.

SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects on the continent. Water for irrigating the fertile belt stretching from Calgary north east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall, and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a "Grain" or "Stock" Exchange and a large stockyard and packing plant were established some years ago. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada, and the said Government has built a terminal elevator in this city.

RAILWAYS AND MARKETS

With two transcontinental railways operating into the City, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled with an ideal location in the heart of a rapidly and ever-growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the manufacturer.

MINERALS, ETC.

Untold mineral wealth underlies the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc.

INDUSTRIES

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacturer of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding, C. P. R. repair shops for western division, liquid air plant, brick-yards, bakeries, dairies and butter, etc., stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

HOSPITALS

The General Hospital, instituted October, 1890, incorporated November, 1890; present hospital opened February 1st 1910, with approximately 200 beds present capacity. Prior to April, 1919, it was under the control of a private Board but it is now administered by the City, together with hospitals for the following: Smallpox (12 beds), Isolation (75 beds).

There are in addition to those above mentioned a number of privately owned hospitals and nursing homes, the chief of which is the Holy Cross Hospital.

Smallpox Hospital—Sixteenth Avenue N. E.

Isolation Hospital—Contagious disease. Twelfth Ave. and Sixth Street E.

Finances are obtained from city taxation, certain provincial government grants and patients' fees.

The Dominion Government completed and opened in the year 1920 the Central Alberta Sanitarium for the treatment of incipient tuberculosis cases.

In July 1925, the Alberta Provincial Government assumed full control of this institution, which is situated within a short distance of the Bowness line of the Municipal Street Railway at Keith, 7 miles west of the city. It was originally designed to care for returned soldiers, but has so developed that civilians are now treated there.

LIBRARY

Those of our citizens possessing literary tastes may, on becoming members of the Calgary Public Library have access to various works of literature by the World's best authors.

JUVENILE COURT

The "Children's Aid Dept." previously financed largely by the City and controlled by the Provincial Government, is now a department of the city, and as such, is administered by the City Commissioners.

In its legal operations the Juvenile Court is under the Attorney-General's Department, all cases are first submitted to the Children's Aid Department and sittings of the court arranged by them. The Superintendent is clerk of the court.

MUNICIPAL OWNERSHIP

Calgary is essentially a City owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing Waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power, and Street Railways systems.

Calgary has clean and well paved thoroughfares, beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth. Municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school system, and above all, its healthy climate.

BRIDGES

A modern reinforced concrete bridge spans the Bow River at Centre Street, Calgary, and bridges of similar construction cross the Elbow at Fourth St. W., and the Bow River at Ninth St. W. and a steel bridge spans the Elbow River at 25th Ave. and Centre Street South.

METHOD OF CIVIC GOVERNMENT

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, a referendum demanded on any public question or policy and elected officials recalled. To invoke these powers it is necessary to obtain the signature of qualified voters, equal in number of those cast at the last election for mayor in the following percentages: For "Initiative" or "Referendum," 10 per cent; for "Recall," 25 per cent.

The government of the City is carried on under powers granted by the Legislative Assembly of the North West Territories, and amendments thereto from said body, and later from the Provincial Legislature of Alberta. The Council is composed of a mayor and 12 aldermen. Up to the end of the year 1923 the mayor was elected annually. At the Civic election held in December, 1923, the electors carried a plebiscite to provide for the election of mayor for a term of two years, said provision to become effective January 1st, 1924.

CONTINUITY OF COUNCIL, ETC.

In order that some member of each year's council may be on intimate terms with the city's business, the aldermen are now elected from the city at large to a two-year term of office, six aldermen retiring, in the ordinary course of events, on December 31st, of each year, the transition from one to a two-year term of office was accomplished in December, 1918.

A commissioner is elected on a vote of the electorate of the city to hold office for a term of two years. The public and separate school trustees are also elected annually for a term of two years from a vote of the entire city, the number of members to be elected each year being determined by vacancies on the respective boards. The number of members composing the Public School Board is 7 and the Separate School Board 5.

QUALIFICATIONS FOR MAYOR, ETC.

The mayor is the chief magistrate of the City. Persons eligible for election as Mayor, Commissioner, Aldermen, Public or Separate School Trustee must be British subjects, qualified electors of the City, male or female, of the full age of 21 years, and who are not disqualified under the ordinance incorporating the City of Calgary.

ELECTIONS, NOMINATIONS AND VOTING

All elected Officials of the City of Calgary are elected by the system of "Proportional Representation with the Single Transferable Vote," generally known as "The Hare System," which was finally adopted and put into operation by the City in the year 1917.

COUNCIL'S DUTIES

The Council as a whole is the legislative body and carries on the legislative work through standing committees in the usual way.

REAL PROPERTY (General Tax)

After the assessment roll for real property is finally revised and confirmed usually in December of each year, and the estimated net expenditure to be raised by the general tax is fixed by Council, the tax (mill rate) is struck as follows:

Estimated expenditure (less utilities and revenues from sources other than the general tax) multiplied by 1,000 divided by real property assessment

(including special franchise and excluding business tax assessment, equals No. of mills constituting the tax rate. (A mill is \$.001).

Each dollar assessed and taxed on the "Real Property" tax rate must pay the mill rate as above determined, except on parcels, of 10 acres and over, situated in the outer area, when a tax rate of 20 mills is levied.

BUSINESS ASSESSMENT AND TAX

The Business tax first became operative in 1916 and the provisions governing have been amended as necessary from time to time. All businesses, trades, professions, etc., must be assessed each year for a sum equal to the full annual rental of their business premises, whether land or buildings or both, provided, however, that if such assessment is not equal to those of surrounding similar places and businesses, the assessment may be raised or lowered to make all assessments affected equitable. Assessment notices are mailed December 31st. After the Business tax roll has been revised and confirmed and the Council has set the rate and discount periods, tax notices demanding payment of the Business tax, giving particulars of the amount due, discounts, etc., are mailed. A discount of 5 per cent. is allowed if paid before March 30th. Distress warrants may be issued if taxes are unpaid by April 15th. The tax rate on all business is 8 per cent. of assessed rental value. As license fees are now based on the cost of supervision by the City, no rebate is given off business tax on account of any license fee paid to the City.

TAX RECOVERY

The existing laws concerning unpaid taxes are briefly as follows:

1. Not later than November 14th of the year following the tax levy, if taxes are unpaid the City must file in the Land Titles office a caveat against all properties so in arrears.
2. If any parcel of land is not redeemed before the 15th day of December in the calendar year next following the year in which caveat has been filed the City applies for, and the Registrar of Land Titles issues, a new certificate of title in the name of the City.
3. After securing title the City must, within one year, offer for sale at public auction the land or lands for which title was so obtained.
4. If the property is not sold at such auction, the title remains in the name of the City, but must be sold at the earliest possible opportunity by private sale.

TAX EXEMPTIONS

The Dominion and Provincial Government, Public and Separate School Boards, Incorporated Colleges (on lands and buildings used for school purposes), Church buildings and Church lands (up to one-half acre); all are exempt from General taxes but are liable for Local Improvement taxes.

VOTERS' LISTS

The fact that you have paid taxes does not qualify you for a vote. See that your name appears on the Voters' List to be seen in the City Clerk's office. This matter should be attended to not later than the last legal day of July in any year. An elector is entitled to vote once only at any election on the same question, and must vote at the booth noted on the Voters' List for each elector. Only qualified electors whose addresses are given as in Calgary, are

entered on the Voters' List. A qualified non-resident voter who is in the City on election day and wishes to vote must apply in person at the Assessor's office for a certificate.

MUNICIPALLY-OWNED INDUSTRIAL SITES

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

"Manchester" within the southern limits of the City, situated on the Calgary-Lethbridge branch of the C. P. R. is offered manufacturers desirous of locating in Calgary, on the following terms:

Street cars, sewer, water and electric light and power are extended to and in use in "Manchester." This property is approximately two and one half miles from the Post Office. Applications for sites should be addressed to the City Clerk.

Two miles east of the City limits and about five miles from the Post Office lay other industrial sites. This property is served by the Canadian National Railroads.

The City also owns several blocks of land in the subdivision known as Calgary Junction.

Another site within easy reach lies about two miles northeast of the Post Office. The Calgary-Edmonton branch of the C. P. R. runs through this property.

The City has power to exempt from taxation buildings, improvements, machinery and stock being used on said land subject to a by-law providing for such limited assessment and exemptions being ratified by the people as in the case of a money by-law.

The above clause does not mean that the industrial concerns are exempt from Local Improvement taxation.

If the aforesaid lands, buildings, stock or improvements cease to be used or occupied for the purposes aforementioned, such land, etc., so ceasing to be used or occupied shall be liable to taxation in the usual manner.

CITY HALL

Calgary's City Hall is situated at the corner of Seventh Avenue and Second Street East. The site was obtained in the year 1885.

POLICE HEADQUARTERS

As a result of the rapid growth and development of Calgary, and the corresponding increased volume of civic business, it has been necessary to erect in close proximity to the City Hall a modern fireproof construction, consisting of reinforced concrete framework and floors, and brick filling with stone trimmings, to be used as a Police Headquarters, and for other civic departments. This building was completed on August 31, 1914.

CANADIAN GOVERNMENT ELEVATORS

Calgary, Alberta

Office—627 Public Building. W. J. McMullen, supt.

The Canadian Government Elevator at Calgary is a reinforced concrete terminal elevator of 2,500,000 bushel capacity. This interior terminal elevator, together with similar elevator of 3,500,000 bushels capacity each, at Saskatoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Term-

inal Elevator at Port Arthur, Ont. and with the Board's Ocean Terminals at Vancouver, B.C. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

NATURAL GAS

Office: 215 Sixth Avenue West, Calgary
Natural Gas was first discovered in commercial quantities in the Bow Island field in 1908.

The Canadian Western Natural Gas, Light, Heat and Power Company, Ltd., was formed in 1912 for the purpose of supplying Calgary, Lethbridge, and the intervening towns with natural gas.

On July 23rd, 1912, nature's ideal fuel from the Bow Island field was first delivered to the householders of Calgary.

This field, lying 170 miles south and east of Calgary, was the only source of supply for the company from 1912 to 1922, but it then became necessary to secure a small additional supply from the Turner Valley field. The supply was further augmented in 1924 when the Foremost field, 30 miles south of the Bow Island field, was developed and connected to the system.

Continued growth of the company and the rapid depletion of gas reserves necessitated procuring additional supplies from Turner Valley. A large pipe line was therefore constructed in 1925 and another in 1928. At the present time, practically all of the company's supply comes from the Turner Valley field, the Foremost field being held in reserve, and the Bow Island field used for the storage of waste gas from Turner Valley.

The company supplies natural gas to the cities of Calgary and Lethbridge and nineteen other towns, customers numbering approximately 24,000. Annual sales to domestic, commercial, and industrial customers are approximately seven billion cubic feet, at rates varying from 33c. to 15c. net per thousand cubic feet.

CALGARY POWER COMPANY LIMITED

Offices: Insurance Exchange Bldg.
President, G. A. Gaherty; Vice-President, R. B. Baxter; Manager, G. H. Thompson; Production Superintendent, H. J. McLean; Operating Superintendent, H. B. Sherman.

Calgary Power Company, Limited, was organized in 1909 and at present the installed capacity of its hydro-electric plants comprises more than 98 per cent of the developed water power in the Province. The City of Calgary's 14,000 h.p. steam plant is leased to the Company for the purpose and period of the contract with the City, and is maintained as a reserve by the Company.

Plants

The installed capacity of the Company's hydro-electric developments on the Bow River, west of Calgary, totals 68,000 h.p.

The Company supplies the whole of the electrical requirements for the City of Calgary and contracts are made with

four of the seven cities of Alberta for the supply of all or part of their electrical load. Interchange agreements are in effect with the East Kootenay Power Company Limited and the City of Lethbridge.

Hydro Plants

No. 1—Horseshoe Falls Plant. On the Bow River, west of Calgary. Capacity 20,000 h.p., head 75 feet. Brought into operation May, 1911.

No. 2—Kananaskis Falls Plant. Two miles west of Horseshoe Falls Plant. Capacity 12,000 h.p. Head 74 feet. Brought into operation in 1914.

No. 3—Ghost Water Power Project. Thirty-two miles west of Calgary. Brought into operation October, 1929. Installed capacity 36,000 h.p., with a 1,450 h.p. station service unit. Head 110 feet. The units in this plant are 18,000 h.p. each and provision was made in the intake works for a third 18,000 h.p. unit to be installed when required.

The dams at Horseshoe Falls and Kananaskis Falls plants are of the solid concrete gravity type.

Ghost Dam is located immediately below the confluence of the Bow and Ghost Rivers and is 4,975 feet in length with a maximum height in the concrete river section of 108 feet. The gravity concrete dam in the river section is 928 feet in length and is flanked by a hydraulic earth-fill to the south and a semi-hydraulic earth-fill dam to the north.

The flooded area above the structure is 2,866 acres and the net storage is equivalent to 6,170,000 kilowatt hours.

A storage dam at Lake Minnewanka, constructed by the Company in 1912, impounds 44,000 acre feet of water which is used during the winter low water period and has a value of some 10,000,000 kilowatt hours when the stored water is used through the three hydro-electric plants on the Bow River.

An additional storage development at the Upper Kananaskis Lake was brought into operation in 1933 and provides the equivalent of a further 8,000,000 kilowatt hours when used through the present plants on the Bow River.

Transmission and Distribution

Total retail consumers in the interconnected system—47,538.

Circuit miles of transmission lines:—

175 miles of 132,000 volt circuits.
404 miles of 66,000 volt circuits.
109 miles of 33,000 volt circuits.
452 miles of 22,000 volt circuits.
1,050 miles of 13,200 volt circuits.

2,190 miles total.

Distribution systems:

367 miles of pole lines, primaries 2,300 v., 60 cycle, 3-phase; secondaries 110 v., 220 v.

The distribution lines of the Company extend from the United States boundary to a point fifty miles north of Edmonton and in the northern part of the province extend to Saskatchewan, serving 165 cities, towns, villages and hamlets in Alberta.

The Company's rates are conducive to the growth of load and its system has been designed with a view to future expansion.

Civic Administration

MAYORS SINCE INCORPORATION

George Murdock	1884-5
George C. King	1886-7
A. E. Shelton	1888
Daniel W. Marsh	1889
James D. Lafferty, M.D.	1890
James Reilly	1891
Alexander Lucas	1892-3-4
W. F. Orr (first mayor of city) ..	1895
A. McBride	1896
W. F. Orr	1897
Arthur L. Cameron	1898
James Reilly	1899

CHILDREN'S AID AND JUVENILE COURT

Office: 4th floor Police Building
 Superintendent—Fred G. Gardener
 The Children's Aid is a civic depart-
 ment. Part of its operations are in
 conjunction with the Juvenile Court.
 Its main activities are to look after the
 needy, delinquent and homeless children
 of the community.

The Juvenile Court is held at 4th
 floor Police Building, and the judges
 for 1939 are: Mrs. Alice Jamieson,
 A. W. Hobbs, Rev. H. McDonald and
 A. M. Scott.

Particulars re licenses to children to
 engage in certain trades and prohibi-
 tion of their attendance at pool rooms,
 etc., are obtainable from the superin-
 tendent, or official at the office.

SWIMMING POOLS

New Crystal Swimming Pool—928 4th Ave. W.

CALGARY PUBLIC LIBRARY

Central Library—2nd St. W. and 12th Ave.

Secretary-Treasurer and Librarian—Alexander Calhoun, M.A.

Hours of Opening

Week days: 9 a.m. to 9.30 p.m. (9 p.m. April to September), Wednesday's 9 a.m. to 1 p.m.

The Library is closed on Victoria Day, Dominion Day, Labor Day, Christmas Day, New Year's Day, Good Friday and Thanksgiving Day.

Membership Privileges

Any Citizen of Calgary is entitled to a free membership on signing application card, proving his address and furnishing the names of two friends.

History

It is about thirty years since a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a city of only about 15,000 and it took time for the scheme to mature. However, in 1908, a Library Board was formed; in 1909 the building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment has cost \$100,000.00. Of this sum \$80,000.00 was provided by the late Sir Andrew Carnegie and \$20,000.00 by the City Council.

It is noteworthy that this Library was the first public Library between Winnipeg and the Rockies.

Constitution

The Calgary Public Library is administered by a Library Board of seven members, the Mayor being an ex-officio member, and the remaining six being appointed by the City Council for two years.

The Library is organized under the Provincial Libraries' Act, which empowers the City to levy a library rate

not exceeding one mill on the dollar on all assessable property.

Crescent Heights Branch

The library has one branch at 1806 First Street N. W.

Kon Yee Reading Rooms

202b Centre St.

CALGARY MUNICIPAL STREET RAILWAY

(Operated by the City Commissioners) Offices and Car Sheds—2nd St. E. bet. Victoria Park and Elbow River.

Superintendent—Chas. Comba

The City of Calgary on July 5th, 1909, with 35,000 population, successfully inaugurated a municipally-owned and operated modern street railway system.

A \$250,000.00 by-law was passed in 1907 and one for \$226,000.00 in 1909, providing for the building, etc., of the street railway system.

With twelve modern pay-as-you-enter cars the first six months' operation returned operation and interest charge and \$10,000.00 surplus for contingent account.

Construction was begun in September 1908, and one-half mile of track was laid that fall. On May 1st, 1909, work was recommenced. The power generator arrived July 1st and the first two cars on July 2nd. The Railway officially opened at 8 p.m. July 5th, 1909 with two cars covering the half-mile between City and Fair Grounds.

During Fair Week 35,460 passengers were carried.

Work was carried on by five paving contractors, one track construction company (on unpaved sections only), the City doing all special and over-head work and intersections.

One-man cars were introduced on all city lines in 1917, and are proving satisfactory. Safety of operation is secured together with a substantial decrease in the cost of operation. Two Buses (Leyland) were put in operation early in 1932.

All the line feeders within the business area have been placed underground.

The Power Department of the City charges the Street Railway for power as follows: .85 of 1 cent for the first 800,000 k.w.h. All over 800,000 k.w.h. at the rate of .75 of 1 cent per k.w.h.

Fares

"School", to 14 years (incl.), 10 for 25c. "Student", 10 for 25c. "Ordinary", 16 for \$1.00, 4 for 25c, 2 for 15c. Cash Fares: Adults, 10c, Children, 5c.

CEMETERIES

Burnsland Cemetery—Adjoining Union Cemetery on east side of Macleod Trail

Chinese Cemetery—Adjoining Union Cemetery south of Elbow River over Victoria Bridge.

Jewish Cemetery—e. s. 30th Avenue E. (Erlton). Near Union Cemetery.

Roman Catholic Cemetery—South of Elbow River over Mission Bridge

St. Mary's (R. C.) Cemetery—31st Ave. E. and 1st St. E. (Erlton).

Union Cemetery—2nd St. E. near 26th Ave. (south of Elbow River over Victoria Bridge).

MUNICIPALITIES

Municipal District of Beddington No. 250—Secretary-Treas., D. N. Gardiner, 212, 237 8th Ave. E.

Henderson Directories Ltd.

Henderson's Calgary Street and Avenue Directory 1939

Somerville's Monuments
121 Thirteenth Avenue West, near Noble Hotel
Phone M 1391

Method of Numbering Streets, Avenues and Houses

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and South of Centre Avenue would be First Street S. W., oftentimes street east of Centre Street and north of Centre Avenue would be First Street N. E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S. W., and so on; and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N. W., and so on.

Half streets or intersecting streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north called First Street West. The first side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers from 100 as follows: 116 8th Avenue West would be on 8th Avenue between Centre and First Street West, 217 8th Avenue West would be on 8th Ave. between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street between Second and Third Avenues, and 712 Centre Street South

would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

Note—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre St., which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South

East, and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.

◆—The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

✧—This Symbol indicates that a telephone is located at this number on the street at residence.

This New Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house personal canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be very accurate and complete, as far as it has been possible for us to get the information personally from someone at each residence. Where occupants have been absent the "owner" information has been left out.

to enable them to give Good Service to Your Customers.

Buy a City Directory Today

It can be used every day in the year

Henderson Directories Limited

ALBERTA

Paradise for Vacationists

**Famous Mountain Resorts with
Luxurious Hotels and Chalets**

***Wide Variety of Hunting
and Fishing***

**Highly Productive Farm and Ranch Lands—
Rich Resources in Coal, Oil and
other Minerals**

**More than
ninety per cent. of
all advertising mediums
are discarded before
they're a year old**

After the new ones come out
your advertisement in the di-
rectory is still good, for old
directories are seldom dis-
carded while they hold to-
gether. Years later many of
these directories will still be
in active use. Your advertise-
ment is still in service

Do you want LONG-LIVED advertising?

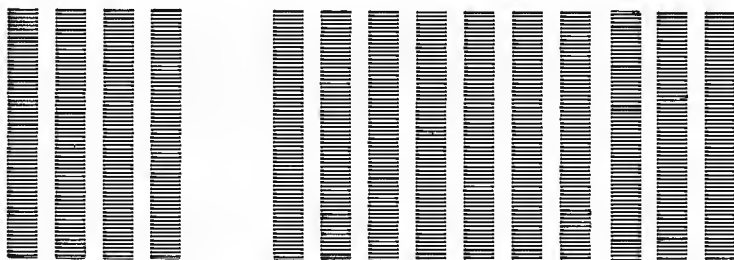

HENDERSON DIRECTORIES LIMITED

Business Insurance

**The Classified Section of
the City Directory insures
your business against the
loss of a prospective cus-
tomer who finds only your
competitor listed under
headings covering
your business**

**Make
yourself
easy to find**

4 in 10

**Over forty per cent. of
your customers move
each year and new
ones move into your
district. An advertise-
ment in the City Direc-
tory will enable new
customers in your dis-
trict to find you**
